Guadalupe Clinic offers prayerful sympathy to the family and friends of George Floyd following his wrongful death in Minneapolis, Minnesota. We do value black lives and stand with those minorities who have been victimized through such acts of violence and brutality. As stated by Bishop Kemme, “no one, regardless of circumstances, deserves to be treated in such an inhumane manner.”

Minorities account for 65% of our patient population at Guadalupe Clinic. It is our responsibility and mission to provide access to quality health care for those in need so they have the opportunity to work and provide for their families, as well as advance their careers and contribute to a strong, vibrant community.

While our team and community grieve the death of George Floyd, let us join in solidarity and recognize that this is a time to create meaningful change. We pray that God watch over all members of the African American and Black Communities, and all minorities. May Our Lady of Guadalupe’s message of love and compassion and her universal promise of love and protection to all mankind be uppermost in our minds.
